

Introducing ReadCloudVET

Empowering schools to deliver quality vocational education programs through seamless VET in Schools partnerships.

ReadCloudVET partners with secondary schools to deliver nationally recognised VET qualifications to students across Australia.

Our mission is to empower schools and teachers through tailored support, flexible learning approaches, streamlined processes and diverse pathways, including partial qualifications, pathway programs, tasters, skill sets and full qualifications for state senior curriculum recognition.

We ensure that students have a range of choices, with over 50 qualifications available supported across secondary schools nationwide.

What will you experience when working with ReadCloudVET?

- Flexibility and responsiveness to meet your school's unique needs
- High-quality learning and assessment materials
- Specialist team members dedicated to your industry area
- Expert support team to help with administrative steps, learning and assessment resources and resulting processes
- A unique, simple-to-navigate platform for students and teachers, designed specifically for VET in Schools

ReadCloudVET Qualifications

ReadCloudVET brings together 3 RTOs that specialise in delivering VET in Schools programs: AIET (RTO 121314), COSAMP (RTO 41549) and Ripponlea Institute (RTO 21230).

Our focus is on offering your students a range of diverse choices in study and future pathways. We work to support schools and VET Coordinators to implement quality VET programs, ensuring positive learning experiences in classrooms and successful outcomes for students.
