

## TAE Skill Sets for Teachers

### Ripponlea Institute (RTO 21230)

At Ripponlea, we have a strong emphasis on engagement and understanding, with ongoing support and encouragement throughout the course. To assist learners in their studies, we provide clear steps and instructions, personalised feedback, ongoing tracking of units attained, and positive and immediate responses to all approaches for help and advice along the way.

We tailor our course to teachers' needs, making sure that coursework is relevant to their area of teaching, suitable for their school context, and that their learning can be transferred effectively into their classrooms when they begin to deliver and assess VET programs. We aim for teachers who complete the TAE with us to feel passionate and excited about teaching VET, and competent and confident as they get started.
